

LATTICE WEAVE

Supplies:

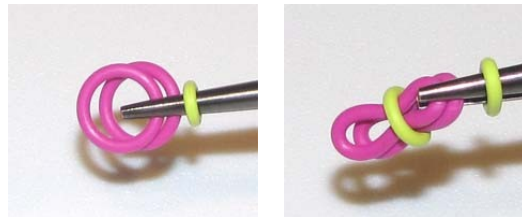

- 36 to 48 Orings 12mm (violet fuschia)
- 36 to 48 Orings 6mm (bright kiwi)
- 18 to 24 Jump Rings 16g 1/4" (royal blue shiny)
- 36 to 48 Orings 6mm (berry pink)
- 24 to 30 Jump Rings 18g 3/16" (green)
- 36 to 48 Orings 7.25mm (light turquoise)

Tools: 1 pair Flat Nose Pliers

- 1 pair curved needle nose pliers
- 1 pair long needle nose pliers

1. Use long needle nose pliers to pull 2 6mm orings onto 2 12mm orings. Place a 6mm oring onto the pliers then grab the 2 12mm orings with the pliers. Repeat this with the second 6mm orings.

2. Open a 16g 1/4" jump ring. Pass the jump ring through each side of the 12mm orings. Close jump ring.

3. Repeat steps 1 and 2 18 to 24 times depending on desired bracelet size.

4. Open 1 18g 3/16" jump ring. Pick up 1 7.25mm oring, pass through 12mm Oring, pick up 6mm oring, pass through second 12mm oring and pick up 1 7.25mm oring. Close jump ring.

5. Repeat step 4 linking the bottom of the 2 units that you joined in step 4.

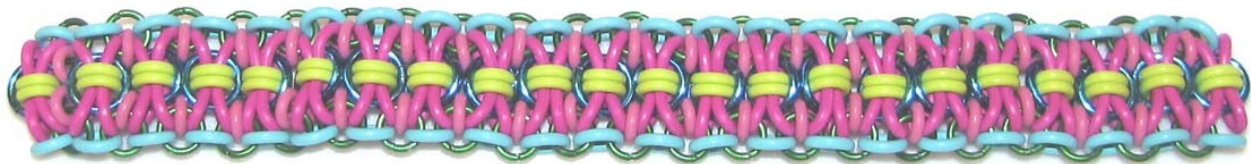

6. Link another unit to the 2 units joined in step 4 and 5. Open 1 18g 3/16" jump ring. Pass through 7.25mm oring, pass through 12mm oring, pick up 6mm oring, pass through second 12mm oring and pick up 1 7.25mm oring. Close jump ring.

**in this step, you don't pick up the first 7.25mm oring, you pass through the one picked up in your previous row*

7. Repeat step 6 linking the bottom of the 2 units that you joined in step 6.

8. Continue joining units together until you reach desired length.

9. Link starting and ending units together. Open 1 18g 3/16" jump ring. Pass through 7.25mm oring, pass through 12mm Oring, pick up 6mm oring, pass through second 12mm oring and pass through 7.25mm oring. Close jump ring.

10. Repeat step 9 linking the bottom of the starting and ending units together.
